

HEALTH AND BEAUTY

TO PEEL OR NOT TO PEEL

By Staff Writer **Advanced Skincare Inc, offers 3 different CosMedix to help rejuvenate your skin**

If you had a choice, would you apply harsh, damaging chemicals to your skin, or would you choose to apply a soothing, collagen stimulating therapy to enhance your skin's appearance? At Dermatique Medical Center Advanced Skincare, Inc, they offer three different CosMedix

"today's peels" to help rejuvenate your skin with no downtime. It's the perfect skincare procedure after summer. CosMedix products are used with the most purified, chirally correct and effective ingredients that are safe and beneficial for all skin types. In an eight-week clinical test, CosMedix matched 13 women from ages 27-70 with a professional peel

series and home care regime tailored to their needs. The results were amazing. In 4 weeks over 95% of participants experienced visibly less skin irritation, noticed a softer and smoother texture and saw a clearer looking complexion. In 6 weeks, over 90% of participants saw less visible brown spots and discoloration and noticed their pores were less noticeable.

Pomegranate Peel is specially designed for Epidermal Leveling to help lavish your skin with antioxidants to prevent free radical damage and support the life span of healthy cells. This peel works to even out the top layers of the skin and mildly stimulate collagen. Great for hyperpigmentation, Fitzpatrick (all), environmental/sun damage.

Purity Peel is an intense formulation designed to penetrate oil to correct skin conditions such as acne and enlarged pores. The unique blend of acids in Purity Peel clears the skin of blemishes and heals acne lesions, reduces

inflammation and exfoliates the skin to reveal a glowing, dewy complexion. For acne (all grades), oily skin, enlarged pores, control of sebaceous

activity, Fitzpatrick (all types), hyperpigmentation

Benefit Peel is a "peel" for everyone regardless of skin type or skin condition. This powerful antioxidant peel delivers vital nutrients into the skin layers that matter and has the calming, healing benefits of vitamin C. Repairs, nourishes and protects. The Benefit Peel is great for cosmetic acne, sensitive skin, rosacea, photo damage, Fitzpatrick (all).

On, Thursday, September 24 from 1-6 p.m. Dermatique Medical Center will be offering free skincare consultations with a representative from CosMedix Skincare in their Northridge office at 18350 Roscoe Blvd Suite 318 in Northridge. For more information or to book a free consultation or to make an appointment for a peel, call Dermatique Medical Center for Advanced Skincare at: 805-230-1111.
